

# DIGITAL

# INCLUSION

## & PUBLIC LIBRARIES

Public libraries build digitally inclusive communities through access to vital resources like:

### TECHNOLOGY

Public libraries offer free access to computers, broadband Internet, and wireless Internet (WiFi)

### EXPERTISE

Public librarians offer expertise that helps people understand technology and Internet-enabled services and resources

### INSTRUCTION

Public libraries offer a wide range of free technology instruction, including courses on employment and health resources

### E-GOVERNMENT

Public libraries help people complete immigration, citizenship, social service, emergency benefit, and other online forms

### EMPLOYMENT

Public libraries help people create résumés, search for jobs, and apply for jobs online

# Florida

at a Glance

Florida has 529 libraries, which were visited 78,893,035 times, with 18,953,732 public Internet computer uses.\*

\* Data from FY2013 IMLS Public Library Survey ([imls.gov](http://imls.gov))

# Did You Know? <sup>\*\*</sup>
