Each dot represents a public library in the state.
DIGITAL INCLUSION is the ability of communities to provide opportunity for all in a digital age, and is comprised of 3 overlapping aspects:

ACCESS to infrastructure
ADOPTION of digital technologies
APPLICATION of those technologies for community benefit

PUBLIC LIBRARIES build digitally inclusive communities through access to broadband, technology, training, and services.

[ACCESS]

90% of libraries offer free WiFi

[ADOPTION]

95% of libraries offer technology training

[APPLICATION*]

97% of libraries offer education programming
94% of libraries offer workforce development
81% of libraries offer civic engagement programs
49% of libraries offer health and wellness programs
36% of libraries with healthy lifestyle development

Data collected in 2013. For more information and citations: digitalinclusion.umd.edu/references

* Percentages are derived from percentage of libraries that indicated that they offered programs in respective domain areas.
