New Jersey libraries offer vital digital access and resources to their communities.

- **98%** of New Jersey libraries offer access to online job and employment resources.
- **95%** of New Jersey libraries provide access to online homework assistance.
- **89%** of New Jersey libraries provide access to E-books.

New Jersey has 442 libraries, which were visited 48,061,530 times, with 10,880,377 public Internet computer uses.
Public libraries build digitally inclusive communities through access to broadband, technology, training, and services.

**DIGITAL INCLUSION** is the ability of communities to provide opportunity for all in a digital age, and is comprised of 3 overlapping aspects:

- **ACCESS** to infrastructure
- **ADOPTION** of digital technologies
- **APPLICATION** of those technologies for community benefit

Data collected in 2013. For more information and citations: digitalinclusion.umd.edu/references

*Percentages are derived from percentage of libraries that indicated that they offered programs in respective domain areas.*
