Each dot represents a public library in the state.

DID YOU KNOW?

South Dakota libraries offer vital digital access and resources to their communities.
**Digital Inclusion** is the ability of communities to provide opportunity for all in a digital age, and is comprised of 3 overlapping aspects:

- **Access** to infrastructure
- **Adoption** of digital technologies
- **Application** of those technologies for community benefit

Public libraries build digitally inclusive communities through access to broadband, technology, training, and services.

**Data** collected in 2013. For more information and citations: [digitalinclusion.umd.edu/references](https://digitalinclusion.umd.edu/references)

*Percentages are derived from percentage of libraries that indicated that they offered programs in respective domain areas.*
