REMINDER: PLEASE PARTICIPATE!
Funded by the Institute of Museum and Library Services (IMLS), the American Library Associations, Information Policy & Access Center (iPAC), and the International City/County Management Association (ICMA) invite you to participate in the Digital Inclusion Survey. Please log on to digitalinclusion.umd.edu and complete this survey. If you have already participated, thank you! If not, please respond before November 15, 2013. By completing this survey, you will have a chance to win one of three Amazon Kindle Fire tablets.

WHY IS YOUR PARTICIPATION IMPORTANT?
By responding to the survey, we will interactively show your library in context with community-level data (e.g., levels of poverty, graduation rates, and unemployment rates). Doing so will enable you to demonstrate your library’s contributions to community digital inclusion initiatives and support your efforts to inform and educate policymakers, foundations, elected officials, trustees, and the media about the value of libraries in building digitally inclusive communities. More information about the study is available at digitalinclusion.umd.edu. Please help us paint an accurate picture of the role of public libraries in digital inclusion!
