

DIGITAL

INCLUSION

& PUBLIC LIBRARIES

Public libraries build digitally inclusive communities through access to vital resources like:

TECHNOLOGY

Public libraries offer free access to computers, broadband Internet, and wireless Internet (WiFi)

EXPERTISE

Public librarians offer expertise that helps people understand technology and Internet-enabled services and resources

INSTRUCTION

Public libraries offer a wide range of free technology instruction, including courses on employment and health resources

E-GOVERNMENT

Public libraries help people complete immigration, citizenship, social service, emergency benefit, and other online forms

EMPLOYMENT

Public libraries help people create résumés, search for jobs, and apply for jobs online

Utah

at a Glance

Each dot represents a public library in the state

Utah has 124 libraries, which were visited 18,500,437 times, with 3,096,178 public Internet computer uses.*

* Data from FY2013 IMLS Public Library Survey (imls.gov)
